PURE BRED PLANTING COTTON SEED

The market price of any seed is inevitably based on the production. Advances from different sections of the South lead us to believe that the rains have advanced considerably, we look for much higher prices and think it will be absolutely impossible to supply the demand this year. This is not a pleasant prospect, but is about the situation reported. We have a limited supply of Pure-Bred Planting Cotton Seed on which to book orders.

SEED RYE
SEED WHEAT **SEED OATS**

Grain planted now will make excellent spring pasture and save some high-priced feed.

NURSERY STOCK

Now is the best time of the year to put out fruit trees and shrubbery. Ask for our price list.

You Can Own An Automobile

A new car at list price may be too much for your purse. But why give up the idea of owning a motor car? DON'T DO IT. It isn't necessary. There are hundreds of USED CARS offered for sale at heavy concessions. For all practical purposes these motors will take you just as far and just as smoothly as any new car ever built.

Won't it be great to spend hot evenings out-of-doors, spinning along through parks and over country roads? With a motor car you can come and go at will. You'll no longer be shackled to one spot or dependent on street cars. You'll really begin to live. Go over the "FOR SALE AUTOMOBILES" column that appears every day in this paper. It's the short cut to a used car bargain that'll just suit your needs and fit your purse. Buy that car and get a new thrill out of life.

ROUND THE TICKER

Cotton.

W. H. Longfield, New Orleans, estimates crop 9,842,000 bales, exclusive of lint, allowing only 2,350,000 for Texas. By states: Alabama, 250,000; Arkansas, 800,000; Florida, 20,000; Georgia, 1,600,000; Louisiana, 225,000; Oklahoma, 875,000; Mississippi, 850,000; North Carolina, 300,000; South Carolina, 1,200,000; Tennessee, 475,000; Texas, 2,350,000.

New York—Guthrie good seller all morning, looks like liquidating recent purchases—Bache & Co. to McFall.

New Orleans—As is usually the case in a declining market, spot demand is tapering off. Shorts likely make capital of this fact, and of lower foreign exchange and stringency of money New York and London. Unless general situation improves may have further liquidation and lower market temporarily. Meanwhile Southern spot holders likely to sit steady and wait for present pessimistic feeling to vanish. Sentiment confused—Bee.

New Orleans—Despite the announcement that there would be no withdrawal of cotton loans, it is believed that the general policy of a stricter surveillance of loans is now being put into practice and will lead much speculative interest to liquidate—Clark & Co.

New Orleans—Norman Mayer makes estimate crop 9,842,000, exclusive of lint.

New York—The weekly news so far as the cotton crop is concerned has been bullish. It is not at all certain at the moment that the present decline is over, but I think that it has gone far enough.

New Orleans—Map indicates increasing cloudiness, warmer with change to unsettled, rainy condition fore part next week—Kofler.

New York—Governor federal reserve quoted saying not atom truth in report would call cotton loans; contrary will lend needed accommodations—McElroy.

New York—Fear of forcing spot holders to loosen may cause further setback, eventually higher. If cotton is left alone—Cleveland to Coter & Turner.

New York—Large local long liquidated through Coter; traders bought it, expecting recovery; no new bull speculation until federal reserve board decides policy on acceptances—S. T. Hubbard to Reese.

Columbus, Ga., wires: Holders are not offering at less than 40 cents for round lots and the spot demand is better than the supply.

Chicago—Marshall Field & Co., in their weekly review of the dry goods trade, say: Current wholesale distribution of dry goods was greatly in excess of the corresponding week of 1914. Many more retailers were in the market, compared with the same week last year. Orders from salesmen on the road for both immediate and future delivery were much larger in volume than for the same week a year ago. Collections continue very satisfactory.

New Orleans—Foreign exchange is weak. Sterling is 1/4 off at 4.10 1/2; francs are 8 points off at 9.55 and marks are 12 points off at 2.00—Shepard & Gluck.

New York—Liquidation induced by recent action reserve bank to check speculation in cotton—Guthrie to Foster.

Grain.
Chicago—The best a bull can look for now is a little rally at times. Corn is going much lower. Pick hard spots and sell it—O'Brien to McFall.

Chicago—Not only was there more evidence of increased offerings of corn from the country, but the tone of the

Staple and Bender Cotton

Facts about cotton:
We are the largest sellers of Staple and Bender Cottons in the Memphis territory.

The large lots of this character of cotton which we daily offer to buyers enable us to command enormous prices for it. Our salesman is an expert on staples, and he gets results for our shippers.

Cotton picked since the rains will be mixed in grades and colors. Your staples and benders in these low grades will bring big premiums if your cotton is properly marketed; but if you sell in round lots on your plantation the buyer will not pay you full value.

Ship it to us and we will class it in lots to suit the buyers' orders from the mills, and offer only on good demands.

We are making big money for our shippers. We can finance any amount and we can please you.

Rainer & Connell Co.

14 South Front St. Memphis, Tenn.

YOUR CHANCES OF LOSING ON Your Texas Oil Investment

Shown By Our Free Statistical Map

Experts have been busy for weeks preparing the most complete Geological and Statistical Map of Texas ever compiled.

This Map Is Now Ready For You. It Cost \$10,000 to Prepare And Is Worth It.

On the face of the map, which measures 15x21 inches, are shown geological surface structures, with brief explanation of their character in everyday language.

All known oil and gas fields, accurately located, with average production of each field.

Location, size and ownership of oil refineries operating or under construction.

Location of all principal pipe lines and ownership.

Railroads, county lines and principal towns.

On the reverse side appear the following tables and charts:

Table showing increase in crude oil and gasoline consumed and number of automobiles in use from 1910 to 1915, inclusive.

Chart showing increase in production of crude oil from 1910 to 1917, inclusive, comparing production of United States, Texas and the world.

Table showing number of wells drilled and number producing for each field, from 1912 to July 1, 1919.

Table showing approximate production for each of the principal Texas fields in 1918 and first five months of 1919.

Table showing dividends paid by principal North Texas companies from the date of organization to March, 1919, inclusive; also dividends paid by large, old-established oil companies over a long period of years.

Free to the Readers of This Paper

This map retails for one dollar, but we have a limited supply which will be sent absolutely free to readers of this paper, upon request, stating that you are interested in Texas. Send for your copy today. Use coupon below.
